Published Work

Los Logos Volumes 6 and 7

FCC had the opportunity to be published in Gestalten's "Los Logos Volumes 6 and 7".

The Los Logos publication is the authoritative reference on contemporary logo design worldwide. Like the previous editions of Gestalten's best-selling Los Logos series, the book is both a guide to the latest innovations as well as a precursor to coming styles and trends.

Decorative Logo Design

FCC is honored to have been featured in the book "Decorative Logo Design" published by BNN, Inc. Tokyo Japan. Work can be found on pages: 140-141, 148-151.

Decorative Logo Design:
Logos, marks and labels represent their brands, shop identities and services. This book focuses on a selection of the best decorative logos from around the world. These decorative emblem-shaped logos are explored in detail, providing design hints for both designers and non-designers alike.
