Experience

Features Photographer

Beneficial Shock

Beneficial Shock! is a new bi-annual magazine for film lovers and design enthusiasts, with accompanying screen based motion features that will champion progressive thinking from contemporary illustrators, graphic designers and photographers. Rather than your standard film magazine full of reviews, celebrity news and press images, Beneficial Shock! aims to use illustration, visual documentation and design in humorous and irreverent ways to expressively interpret film related content. In short, film is just the beginning.

Exhibition

Wall of Sound

Portraits of musicians who I have worked with.

"Everything In Between - A Journey Into The American Heartland"

New York to Miami via The Smoky Mountains, Nashville, Memphis and New Orleans. The Michael Tippett centre, Bath. 2004

"The Twin Towns of Bath"

As part of a visual reconnaissance mission between myself and three other photographers, we decided to split up and travel to each of the four towns Bath is twinned with. Kaposvar in Hungary is 100 miles south west of the Capital Budapest. The exhibition presents pictures from that visit.

Books

Havana Street Style

November 2013. A look at street fashion in Havana, Cuba.

Released Summer 2014 through Intellect Books

Everything in Between

September 2003 - A road trip down the east coast of America From New York to Miami.
