BIO

CHRISTINA HENRY MAKEUP & GROOMING

Christina's love for all things beautiful began at a early age in her hometown of East London.

Inspired by the glamour of the 90's supermodel, she went on to study media makeup at a local college where she quickly discovered her passion was beauty makeup.

Christina's clean, effortless beauty style and meticulous attention to detail quickly gained her clients in advertising, celebrity, commercial & editorial.

Christina has worked with clients such as HBO, Sports Illustrated, Neutrogena, Kohls, Accura, Real housewives and America's next top model.

In addition Christina is a beauty expert and consults for brands such as Neutrogena, New Beauty Magazine and is freelance beauty editor at Beauty & Entertainment Magazine. She is also an active educator teaching beauty makeup at an elite makeup academy in the Los Angeles area.
